RE: Consultant Visit, Forminco, Sulphurdale Mine,  
ACT/001/001, Beaver County, Utah

Mr. Phil DeDyker, consultant, visited the Division on July 12, 1985 asking about the status of the Sulphurdale Mine. He stated that he may be doing a feasibility study on the project. The Division received a MR-1 Form in March 1979 but never replied. This mine does not have a permit.
